Thank you for choosing us for your upcoming delivery. It is our privilege to care for you.

In keeping with recommendations from the Centers for Disease Control and Prevention, our goal is to reduce unnecessary trips from your home prior to your scheduled induction or Cesarean section (C-section).

We’ve arranged for most of the pre-delivery process to happen online or by telephone by working with two teams: the Registration Team and the Nursing Team.

The purpose of the two-team process is to make certain you are prepared for delivery before you are admitted to the hospital. Our goal is to ensure that the day of your baby’s birth runs smoothly so that you can focus on welcoming your baby.

1. Registration Team

If you have not registered for your delivery, please visit BSWHealth.com/DallasPreReg to complete forms that assist with your hospital admission, insurance paperwork, and payment arrangements.

**Items that will assist you in the process:**
- Insurance card and driver’s license
- Name of physician scheduling the induction or C-section
- Date of your scheduled induction or C-section
- Emergency contact information (name, address, telephone number)

The Registration Team will then call to make arrangements for the following:
- Scanning of driver’s license and insurance card
- Signing consent forms
- Finalizing financial arrangements

If you have questions, or would like to pre-register by phone, please call 877.810.0372 to speak to a representative from the Central Business Services department.

2. Nursing Team

A Nurse Navigator will also call to arrange for necessary laboratory and screening requirements. For your safety and that of our staff and physicians, COVID-19 testing will be performed 48 hours before your admission. After completion of your test, you will need to self-quarantine until your delivery.

To contact your Nurse Navigator, call 214.820.8762.

**For the lab appointment, please bring:**
- A personal mask to wear into the office
- Identification or driver’s license and insurance card(s)

---

**Delivery Preparation Check List**

**Registration Team**
- Pre-registration forms
- Insurance pre-authorization
- Financial arrangements

**Nursing Team**
- Pre-admission clinical assessment
- Pre-admission lab testing arrangements
- Your scheduled induction or C-section arrival time confirmation

We hope limiting your exposure outside of your home during this process provides you peace of mind and assurances that your safety is a top priority at Baylor University Medical Center.
