Getting Better for our community

As the largest employer in Temple and a key part of the Central Texas region, we're devoted to improving our community through health education programming and other health improvement activities. We reported \$194 million reinvested in the Bell County area for community benefit in the most recent state report (FY18), which includes medical care for the uninsured, education for medical providers, funding for health research programs and outreach efforts to improve our community's health and well-being, and charitable and in-kind donations to local health improvement programs.

- 144,000 lives impacted
- 40+ programs
- 171 health events or activities
- 5,000+ staff community hours
- 333 volunteer physician hours

Ready to serve you

For more than 120 years, we've been offering innovative and patient-centered care to our neighbors across Central Texas. Through the years, we've grown with you, creating a unified system of hospitals, clinics and care centers that offers a wide range of services to you and your family.

We put our community and your family first by providing award-winning health and wellness services on our main hospital campuses and through our network of primary and specialty clinics, pharmacies, and outpatient centers.

Whether it's a serious health emergency, a complex condition or a simple medical procedure, you'll find us right down the road, ready to provide quality, compassionate care.

Care on your schedule

We provide convenient care access, including:

- Evening and weekend hours at select clinics
- Walk-ins welcome
- Same-day appointments
- Video visits
- E-Visits

Our MyBSWHealth app allows you to:

- Access personal health records
- Send secure messages to your provider
- Schedule and manage appointments
- View lab results and past visit summaries
- View statements and pay bills

Our services

Through more than a dozen clinics, you can receive diagnosis and treatment for a full range of conditions across nearly all medical specialties. Our medical center in Temple is home to the only Level I trauma program (capable of treating the most severe injuries) between Dallas and Austin.
