7. I signed up for the Headspace for Work but I'm still being charged.

What's happening?

If you're currently a Headspace Plus member with an individual plan and you signed up through Apple iTunes, Google Play, or Spotify you will need to turn off auto-renew to cancel your billing and avoid being charged. See instructions above. If you need additional help, please contact teamsupport@headspace.com.

8. I connected my prior, free account with Headspace for Work, but my app still shows locked content, how can I fix it?

After creating your Headspace for Work account using the unique BSWH link—and verifying your account via your BSWH email—you may need to log out of the app and log back in reset your profile to the membership content. If issue remains, contact teamsupport@headspace.com.

9. Can I enroll through BSWH if I previously received a free Headspace membership account by using my National Provider Identifier?

Headspace previously offered free membership to healthcare providers who registered using their National Provider Identifier (NPI). Headspace has not announced a specific date for when they will discontinue that benefit.

Because you cannot have two accounts under the same email address, you cannot also enroll through BSWH at this time. Please email Thrive@BSWHealth.org to let them know you currently have an NPI account, and the team will notify you when the NPI membership expires as at that time you can switch over to the BSWH account.

10. I am part of a Headspace family plan, how does this affect my enrollment in Headspace for Work?

If you are currently enrolled in a headspace Family Plan, you will need to leave the Family Plan or you will continue to take up a spot in the plan. Your family plan owner has to remove you from the plan. Only the Family plan owner will be able to delete someone from the Family plan. Upon doing this, the family member who has been deleted will receive an email confirming these details. This opens the spot for a new family member to be added.

To remove a member from your Family plan, please follow these steps:

- Visit headspace.com/family/manage
- Click the **X** button to the right of your family member's email address

11. I am currently the owner of a family plan, how will my enrollment in Headspace for work affect my other members?

If you are the owner of a family plan and enroll in Headspace for Work, you will continue to be billed for the annual Family Plan subscription unless you turn off auto-renew.

If you close your Family plan account or turn-off auto renew all members in your Family Plan will lose access to their Headspace Plus membership through the Family Plan Account once your subscription expires.

If you are enrolled in Headspace for Work and close your Family Plan Account, you will continue to have access to Headspace Plus through Headspace for Work and don't need to take any further action. If you wish to cancel your Family Plan, turn off auto renew by:

- Visit headspace.com/subscription/manage.
- Log into your account.
- Select **TURN OFF AUTO RENEWAL**.
- If the button is not there, please send an email teamsupport@headspace.com for help.
- If you do not turn off auto-renew and keep your family plan, you will continue to have access to Headspace Plus should you leave your organization.

12. I have a student plan, can I sign up for Headspace for Work?

Yes you can connect your student plan to Headspace for Work. However, you will need to turn off auto pay or your billing will continue. To turn off auto pay:

- Visit headspace.com/subscription/manage.
- Log into your account
- Select **TURN OFF AUTO RENEWAL**.

You can choose to continue by paying for a Headspace Plus subscription at the standard rate of \$69.99 a year. You'll get a cancellation email to alert you. If you had a paid membership prior to joining a Headspace for Work account, your Headspace Plus membership will not automatically restart.
